1. Provide a summary description of hazard recognition training documents you provide your employees related to overhead transmission and distribution facilities.

City of Weimar contracted with Texas Electric Cooperatives to provide hazard recognition training as part of an overall HB4150 compliance training session. The training documentation included a Microsoft Power Point presentation, a video version of the training and attendance tracking. The hazard recognition portion of the training included the following learning objectives:

- 1) Review of various categories of electrical hazards;
- 2) Review of hazard situations related to improper vertical clearances on overhead distribution lines;
- 3) Review of photographs of real-world hazardous and code violation situations;
- 4) A session to identify and discuss the severity (potential risks) of the hazard and how to eliminate the hazard and / or report the hazard.
- 5) A summary of hazard recognition and reporting which stressed the obligation the utility has to correct and/or report any hazards related to NESC or NEC code violations.

2. Provide a summary description of training programs you provide your employees related to the National Electrical Safety Code for construction of electric transmission and distribution lines.
